Dear Tran Thi Thu Huong,

The manuscript entitled "Sequence Scheduling and Trajectory Planning in WSNs Using Multilayer Edge Spherical CNN and Optimized Stereoscopic Scalable Quantum Adaptive Causal Decision CNN" (**EAAI-25-10795**) has been submitted to Engineering Applications of Artificial Intelligence, and we would very much appreciate your advice as to its suitability for publication.

Please inform us as soon as possible on your decision to act as a reviewer for this paper.

You should treat this invitation, the manuscript and your review (as well as other reviewer comments shared with you) as confidential. You must not share your review or information about the review process with anyone without the agreement of the editors and authors involved, irrespective of the publication outcome. If the manuscript is rejected by this journal and the author agrees that the submission be transferred to another Elsevier journal via the Article Transfer Service, we may securely transfer your reviewer comments and name/contact details to the receiving journal editor for their peer review purposes.
